

VISITOR INFORMATION

Wycombe High School is asking for the support of all of those who visit the School, its grounds or buildings in minimising the risk of COVID-19 to its community.

1. With this in mind, and in line with guidance from Public Health England, please refrain from entering the School site for any reason if you have any symptoms of the virus. The most common symptoms of coronavirus (COVID-19) are recent onset of a new continuous cough or high temperature or a loss of, or change in, normal sense of taste or smell (anosmia). **If in doubt, please do not enter the school site.**
2. If you have any symptoms, however mild, stay at home and arrange a PCR test. If you or someone in your household get a positive LFD test result, you should book a PCR test within two days [online](#) or by calling 119, stay at home and do not have visitors (self-isolate) until you get your test result – only leave home to have a test. Follow [NHS Test and Trace guidance](#) and guidance while awaiting a test result. If someone in your household has symptoms follow the [Government Guidelines](#). Seek prompt medical attention if your illness or the illness of someone in your household is worsening. If it is not an emergency, contact the [NHS 111 online](#) COVID-19 service or NHS 111 for other health conditions. If you have no internet access, call NHS 111. If it is a medical emergency and you need to call an ambulance, dial 999. Inform the call handler or operator that you or someone in your household has COVID-19 or symptoms, if that is the case.
3. If you have been advised to self-isolate due to travel outside the UK please do not attend site.
4. Wash your hands with soap and water (for more than 20 seconds) or use hand sanitiser regularly throughout the day, particularly after coughing, sneezing, and blowing your nose, or after being in public areas where other people are doing so.
5. Get vaccinated – [find out how to book your COVID-19 vaccine](#)
6. Test twice a week (PCR) even if you do not have symptoms. Please test negative before attending site.
7. Open doors and windows to let in fresh air if meeting people inside (meet outside if possible)
8. Wear a face covering when it's hard to stay away from other people – particularly in crowded places and when using public transport
9. Keep a safe distance from other people where possible
10. WHS clean and disinfect regularly touched objects and surfaces using regular cleaning products to reduce the risk of passing the infection on to other people.
11. Coronavirus (COVID-19) updates and information in British Sign Language can be accessed on [SignHealth's website](#).

The School welcomes people to our site and you will appreciate that our priority is the safety and wellbeing of our students and staff. Please follow the guidelines above in accordance with Public Health England's advice and keep everyone safe.

We thank you for your understanding and cooperation.
